TEMPE, Ariz. – The following videos are from Iowa's post game press conference after the Hawkeyes lost to No. 19 Oklahoma in the Insight Bowl on Friday, 31-14. Iowa finished with a 7-6 record in 2011 as a result of the defeat.

Those who spoke in this press conference were head coach Kirk Ferentz, and seniors Broderick Binns, Mike Daniels and Marvin McNutt. Junior quarterback James Vandenberg was initially slated to speak, but didn't because he left the game late in the fourth quarter with an injury.

McNutt finished with 46 yards receiving on four catches, while Daniels had five tackles and two sacks and Binns had one tackle and an interception of Oklahoma quarterback Landry Jones in the third quarter.

The press conference was broken into two parts. The first video features McNutt answering a couple of questions and Ferentz's press conference in its entirety. The second video is of the remaining questions to the players:
